Sales & Use Tax Solutions for Microsoft Dynamics GP Users

[REGISTER NOW](#)

If you use Microsoft Dynamics GP as the backbone of your company's business operations, and you're looking for the best possible solution to automate your sales and use taxes, this is the webinar for you. We've assembled a panel of experts to talk about ADP's solution for calculating and remitting sales and use tax. Specifically, we'll look at the tight integration between ADP's Sales and Use Tax System with Microsoft Dynamics GP. During this webinar, we will explore the business benefits of applying this kind of technology:

- Brings a higher level of automation to the sales and use tax function
- Reduces tax liability
- Minimizes audit risk
- Helps companies avoid costly tax penalties
- Frees the tax staff to focus on higher level, more strategic initiatives

During the final 10 minutes of this broadcast, we'll take questions from the audience.

Featured Speakers

Jay Manley, PMP
Dynamics ERP Principal
Technologist/Architect
Microsoft Corporation

Jay Manley is a Principal Technologist/Architect at Microsoft, working in the U.S. Partner Group recruiting Independent Software Vendors (ISV's) to the Dynamics ERP product lines. Jay joined Microsoft as part of the acquisition of Great Plains Software in 2001, where he had been consulting for many years. He has over 15 years of ERP experience from consulting and training to the role he currently enjoys. Jay's current role has him focused on ensuring that the integration between strategic ISV's and the Dynamics ERP products fill product whitespaces or brings new important functionality to the product lines.

Jack Sowers
Vice President of Development
I.B.I.S., Inc.

Jack has over 27 years of experience in the computer industry. Today, he is the Vice President of Development for I.B.I.S., Inc., the company that developed the integration between ADP's Sales and Use Tax System and Microsoft Dynamics GP. Jack joined I.B.I.S., Inc. in 1994 at which time he led a team of developers who created the Service Advantage product that was sold to Great Plains Software in 1999 and is today known as the Microsoft Dynamics GP Field Service

Webex. The website is auto-sensing and will let you know what Webex add-ons you need to download and install prior to joining our webinar.

CPE Information

Prerequisite: None
