

Less time running payroll means more time helping others

The Greater Dayton Volunteer Lawyers Project is a pro bono legal assistance program in Ohio committed to serving the community with non-criminal legal services. It works in conjunction with Legal Aid of Western Ohio to connect private attorneys with individuals in need of legal services in civil cases free of charge.

Business Challenges

- Onboarding was time-consuming
- Previous payroll provider had increased prices

RUN Powered by ADP® provides easy payroll at a great price.

ADP delivers high-value payroll

The Greater Dayton Volunteer Lawyers Project has a noble mission: Helping to provide important legal services to anyone who needs them. Their focus is on helping clients and they wanted a payroll and HR solution that would allow them to spend the lion's share of their time on legal work, not paperwork.

They also wanted to get the most value for their limited resources.

Summer Hawks
Executive Director

 **Headquarters:** Dayton, OH

 **Product:** RUN Powered by ADP

Always Designing
for People®

"We wanted a payroll and HR solution that would streamline onboarding and also have great support," says Executive Director Summer Hawks. "ADP provides a great value for the services offered. We chose ADP over Paycor when their prices began to go up."

Once Hawks made the switch from Paycor to ADP, she was pleased with the simplicity of running payroll through ADP, noting that the user interface was very straightforward and intuitive. She specifically likes the smooth process of collecting and adding documentation during employee onboarding a process that had not been as easy in the past.

"We are proud of the work we do in the community every day. ADP gives us more time to assist those in need."
