Sales and Use Tax Solutions for SAP Users

This one-hour webinar, designed for tax, finance, and IT executives whose businesses are based on SAP, is being hosted by SAP Insider and featuring speakers and content developed by ADP. It will look at the reasons for augmenting native SAP sales and use tax capabilities by taking advantage of add-on solutions available from ADP. The audience will hear insights and perspective from an actual end user who's using both SAP and ADP solutions... a consulting firm that has successfully implemented ADP solutions in an SAP environment... and from one of ADP's resident experts on the SAP platform. There will be a significant Q&A segment at the end of this 60-minute program where attendees are invited to submit their specific questions to the panel.

What Attendees Will Take Away from this Webinar

- ▶ Business benefits of adding ADP sales and use tax capabilities to a company running on SAP
- ▶ Personal experience as to what it's like to implement an ADP solution
- ▶ Best practices
- ▶ Lessons learned
- ▶ Questions to ask / factors to consider
- ▶ Description of the implementation process

Max Palumbo

Intuitive Surgical, Inc.

Intuitive Surgical is the global leader in the rapidly emerging field of robotic-assisted minimally invasive surgery. Since its inception, the company has consistently provided surgeons and hospitals with the tools needed to improve clinical outcomes and to help patients return to active and productive lives. Based in Sunnyvale, California, Intuitive Surgical serves customers throughout the United States and internationally, providing technology and procedural innovation across cardiac, urology, gynecologic, pediatric and general surgical disciplines.

Suzy Soo

*Co-Founder,
LCR-Dixon Corporation*

Suzy is a co-founder of LCR-Dixon Corporation, an expert provider of transaction tax automation services and solutions. Suzy is an ADP Certified Integration Partner and has implemented ADP sales and use tax solutions with SAP for over 10 years. Her clients include numerous Fortune 500 companies in the technology, manufacturing, energy, entertainment, and consumer products industries.

Axel Knaf

*Senior Director,
Enterprise Solutions Group, ADP, Inc.*

Axel is an expert at implementing sales and use tax solutions and has a background in both tax and technology. His understanding of SAP and the nuances of transactional tax has enabled him to provide leading edge designs for companies such as Ericsson, Compaq, Lab Safety and many other Fortune 500 companies. His accomplishments include the development of a 50/50 split rule for interstate telecommunications taxes, a hybrid ADP solution to handle transactional and telecom taxation, and the use of SAP WBS elements to define taxation of IT consulting services. Axel's implementation strategies help businesses to maximize ROI while reducing the total cost of ownership.
